## Professional Summary

Hello! I am Ashiful Islam Mukto, a passionate Frontend Web Developer with expertise in building responsive, user-friendly, and visually appealing web interfaces. Proficient in modern technologies like Tailwind CSS, React Bootstrap, JavaScript (JS), and ReactJS, I specialize in crafting seamless user experiences and dynamic web applications. With a focus on clean, efficient code and solid design principles, I transform complex ideas into intuitive, high-performing digital products.

## Technical Skills

- Languages & Frameworks: JavaScript, React.js, Tailwind CSS, React Bootstrap
- Tools & Platforms: Git, Firebase (Auth & Hosting), MongoDB
- Backend Knowledge: Basic knowledge of Node.js, Express.js, REST APIs
- Soft Skills: Communication, Problem-solving, Teamwork

## Projects

### Event Management Application

A full-stack web app where users can manage events with complete CRUD functionalities.

- Frontend: React.js, Tailwind CSS, React Router, Firebase Authentication
- Backend: Node.js, Express.js, MongoDB
- Authentication & Authorization: Firebase Auth, JWT Access Token
- Features: User login/logout, event creation, update, deletion, and private routes
- Outcome: Created a scalable and interactive event platform with role-based access control

## Certifications

- Programming Hero - Web Development Course
